

## Drills - Drill and Mixers - 13 mm Mixer and Rotary Drill

### D21520 Features

- Variable speed reversing switch offers greater control for a wider range of applications
- 550 RPM provides increased torque for heavy duty drilling and mixing
- Robust design and metal gear case for greater durability
- 2-position rear spade handle and 3-position side handle gives greater control

## Drills - Rotary Drills - Mid-Handle Drill

### DWD115KS Features

- Rubber grip gives maximum comfort to the user while drilling
- Ideal for use in a woodworking or light metal-fabrication workshop to drill small holes into wood or sheet metal
- All metal 10 mm keyless chuck for quick and easy bit change
- Well balanced mid-handle design similar to a cordless drill
- Variable speed switch control to suit different materials
- An integrated belt clip allows tool to be carried while freeing up both hands
- An excellent power to size ratio results in a powerful, durable drill in a compact size

## Drills - Percussion Drills - 701W Single Speed Percussion Drill

### D21716K Features

- More powerful for heavy duty applications
- Soft grip to enhance user comfort
- Jampot construction design for added durability and ease of service
- High quality 13 mm keyed chuck for accuracy and durability
- Variable speed control with forward and reverse mode to suit different materials
