

Fastening - Screwdrivers - Drywall - VSR Screwdriver

DW256 Features

- "Set and forget" nosepiece maintains depth adjustment and ensures consistent fastener depth
- One stage gear reduction delivers speed necessary for high productivity
- Variable speed with reversing allows for easy screw starting and fast removal of screws
- Fine depth adjustments ensure accurate depth setting
- Quiet clutch operation provides smoother operation and longer clutch life with less noise than other drywall guns
- Rubber grip and two finger trigger for increased comfort and greater control
- Dust sealed switch provides longer life and greater durability
- Integrated belt hook for greater user convenience

Fastening - Screwdrivers - Versaclutch - VSR Torque Adjustable Screwdriver

DW268 Features

- Ideal for screwdriving applications in wood, plastic and metal
- Versatile tool with torque control up to 26Nm
- Unique Versa Clutch Torque Control System allows a torque level to be set whilst maintaining an override capability for driving screws into material of inconsistent density such as wood
- Lightweight and compact design to reduce user fatigue and increase productivity
- Soft grip surface on handle and switch to reduce vibration and enhance user comfort

Fastening - Impact Wrench - Heavy Duty Impact Wrench 1/2"

DW292 Features

- 440Nm of deliverable torque in forward and reverse
- Higher torque and faster speed increased productivity
- Soft grip handle to reduce vibrations and to enhance user comfort
- Robust design for increased durability
