

## Saws - Jigsaws

### DW331K Features

- Powerful 701 watt motor with variable speed delivers fast cutting action up to 3100 strokes per minute
- Quick and easy patented keyless blade change system accepts T- shank blades
- Tool free adjustable shoe with anti scratch cover bevels to 45 degrees in both directions
- 3-position orbital action controls the aggressiveness or smoothness of cuts
- Patented anti-vibration counterbalance mechanism and rubber grip provide smooth operation
- Dust blower keeps line of cut clear of chips
- Modular component design for trouble free servicing
- Tapered saw blade roller to control blade deflection at maximum depth of cut

## Saws - Reciprocating Saws - High Powered Recip Saw

### DW310K Features

- 1200 Watt motor delivers increased power for heavy duty applications
- 0 - 2,600 SPM and 28mm stroke length for fast and efficient cutting
- Keyless stainless steel blade change for quick and easy blade changes and increased reliability
- Keyless adjustable shoe easily adjusts the depth of cut and extends the blade life
- Variable speed trigger provides control and versatility

## Saws - Circular Saws

### DW352 Features

- 10A / 1400W motor powerful enough for tough applications
- Highly durable steel shoe to resist impact
- 50° beveling capacity for aggressive bevel cuts
- 100% Ball bearing construction for heavy duty applications
