

Woodworking - Orbital Sanders - Finishing Sander

D26421 Features

- High performance motor with aluminium bearing seats for continuous use and a long life
- Small orbit size for a smooth finish
- Efficient dust collection using integrated dustbag or external dust extractor for a better sanding performance and sheet life
- Sturdy, easy action abrasive sheet clips that securely hold the sheet and are also inset to avoid contact with adjacent surfaces
- Optional sanding pad included to enable fast sanding sheet changes with hook and loop paper

Woodworking - Belt Sanders - 800 W 75mm Belt Sander

DW432 Features

- Powerful 800 watt motor gives fast, efficient removal of material in a variety of applications
- Three wheel design increases contact area of sanding belt giving improved sanding performance
- Efficient dust collection using integrated dustbag or external dust extractor for a better sanding performance and sheet life
- Automatic tracking, with manual override provides precise belt running to the users requirements
- Two handle arrangement for good balance and control, can be used single handed.
- Top exit cordset keeps cable away from belt area preventing interference with sanding operations

Woodworking - Routers - Plunge Router

DW614 Features

- Lightweight and compact design increases ease of use as the cutter remains visible at all times for error free routing
- Two column precision guide for plunging accuracy in a high quality aluminium housing with phosphor bronze bushing so that carefully controlled plunge cuts can be made
- 3 stage depth stop adjustment enables recesses of various depths to be machined in one operation without time consuming setting up
- Spindle lock mechanism for quick and easy cutter changes with a single spanner
