

Cordless - Drill and Drivers - 12 Volt 10mm Cordless Drill Driver

DC727KA Features

- Powerful 12 V drill driver for drilling and screwdriving applications
- Compact, lightweight design
- 17 position adjustable torque control for consistent screwdriving into a variety of materials with different screw sizes
- Two speed settings, variable speed and reverse switch for controllable use
- Ergonomically designed trigger and rubber grip
- 10mm single sleeve keyless chuck with automatic spindle lock for quick and easy bit change with one hand
- Electronic motor brake for added control
- High performance fan cooled motor for maximum power and durability
- All metal gearing for efficient power transmission and longer tool life
- Modular design for easy access to key components and excellent serviceability
- 1 hour fast charger

Cordless - Hammer Drills - 18 Volt 13 mm Compact Cordless Hammerdrill / Driver

DC727KL Features

- Powerful 18 Volt combination tool for hammerdrilling and screwdriving applications
- Compact, lightweight design
- 17 position adjustable torque control for consistent screwdriving into a variety of materials with different screw sizes
- Two speed settings, variable speed and reverse switch for controllable use
- Ergonomically designed trigger and rubber grip
- 13 mm single sleeve keyless chuck with automatic spindle lock for quick and easy bit change with one hand
- Electronic motor brake for added control
- High performance fan cooled motor for maximum power and durability
- All metal gearing for efficient power transmission and longer tool life
- LED light for improved visibility
- Exclusive Nano Phosphate Li-Ion battery pack provides 2000 charge cycles, more than double that of NiCd/NiMH packs
- Battery pack produces 18 Volt power at less than 12 Volt NiCd/NiMH pack weight providing the ultimate ergonomic solution
- Compatible with all DEWALT 18 Volt battery packs

Cordless - Right Angle Drills - 18 Volt 10 mm Right Angle Drill - Bare Unit

DW960 Features

- Powerful fan cooled motor delivers up to 33 Nm of sustained torque for turning large drill bits and fasteners
- 2 speed ranges 0-475/0-1500 rpm for increased user flexibility to achieve a wide range of applications
- Forward, reverse, variable speed and electronic motor brake for total control
- Multi-grip trigger provides comfort and convenience by allowing the user to get into tighter spaces while still having access to the trigger
- Durable, right angle transmission with sealed ball bearings and cut-steel gears for a longer tool life
- Modular component design for trouble free servicing

Cordless - Circular Saws - 18V Circular Saw

DC390KB Features

- Powerful DEWALT fan cooled motor with replaceable brushes delivers up to 3700 rotation per minute for fast cutting action
- Ultra thin kerf 165 mm, 16 tooth carbide tipped blade allows for efficient run-time and fast, smooth cut finish at maximum 55 mm depth of cut
- Extremely durable design offering a cast magnesium shoe and full metal guarding to withstand rough job site conditions
- Keyless bevel angle and depth of cut adjustment with easy to read scale for maximum cordless versatility
- Handle set at 15 degrees with diamond patterned grip area for better control and additional comfort
- Spindle lock for quick and easy blade change
- Lock off switch and electronic motor brake for additional control and work safety

Cordless - Impact Drivers - 14.4 Volt Compact Cordless Impact Driver

DC835KB Features

- Durable frameless high speed motor delivers up to 140 Nm of max torque
- All metal gearing for efficient power transmission and long tool life
- Aluminium front housing provides greater heat dispersion increasing motor life
- Improved variable speed switch and electronic motor brake for complete control for both setting and removing fasteners
- 6.35 mm keyless hex-drive allows for quick and easy bit changes
- Compact body enable use in tight spaces
- Rubber coated grip and rear of the tool to reduce surface vibration and user fatigue
- LED light for improved visibility of fastener

Cordless - Jigsaws - 18 Volt Heavy Duty Cordless Jigsaw

DC330KB Features

- Powerful DEWALT fan cooled motor with replaceable brushes and variable speed delivers fast cutting action up to 3000 strokes per minute
- Quick and easy patented keyless blade change system accepts t-shank blades
- Tool free adjustable shoe with anti-scratch cover bevels 45 degrees in both directions
- 3-position orbital action controls the aggressiveness or smoothness of cuts
- Patented anti-vibration counter-balance mechanism and rubber grip provide smooth operation
- Dust blower keeps line of cut clear of chips
- Lock-off switch for added user safety
- Modular component design for trouble free servicing
- Rubber coated grip to reduce surface vibration and user fatigue

Cordless - Combopacks - 36 V - 36V Combo Pack

DCX6401 Features

- DC900 36V 13mm hammerdrill/Driver with an all new self-tightening chuck and patented 3-speed all metal transmission
- DC308 36V variable speed jigsaw with all metal lever action keyless blade change
- DC300 36V circular saw with 184mm 24-tooth carbide blade and all-metal keyless blade change system and 50° bevel capacity
- DC509 36V Flexible Floodlight with up to 8 hours continuous run-time

Cordless - Combopacks - 28 V - 28V Combo Pack

DCX5402 Features

- DC229 28V three-mode SDS rotary hammer with AVC Anti-Vibration Control, Quick Connect Chuck and 2.5J of impact energy
- DC315 28V reciprocating saw with a 4-position keyless blade clamp
- DC310 28V circular saw with 165mm 24-tooth carbide blade and 50° bevel capacity
- DC519 28V flexible floodlight with up to 6 hours continuous run-time

Cordless - Impact Wrenches - 18 Volt Compact Cordless Impact Wrench

DC820KB Features

- Durable frameless high speed motor delivers up to 195 Nm of max torque
- All metal gearing for efficient power transmission and long tool life
- Aluminium front housing provides greater heat dispersion increasing motor life
- Improved variable speed switch and electronic motor brake for complete control for both setting and removing fasteners
- 1/2" square drive allows for quick and easy bit changes
- Compact body enables use in tight spaces
- Rubber coated grip and rear of the tool to reduce surface vibration and user fatigue
- LED light for improved visibility of fastener

Cordless - Screwdrivers - Inline Screwdrivers - 3.6 Volt 3 Position Pivot Screwdriver

DC600 Features

- A 3 position locking pivot operated from left or right and a gearbox diameter of only 40mm for easy access to the tightest of working spaces with maximum user control
- Two speed control and 8 torque settings ideal for screwdriving applications and pilot drilling
- Pistol grip, soft grip handle and a rapid actuation switch for superior ergonomics and maximum user control in any working position
- Quick release 6.35mm magnetic collet for ease of use and convenience
- All metal gearbox, metal gearcase and robust xenoy tool housing tough enough for the professional workplace
- Optimised working range in lower power applications upto 6Nm for when it is a priority not to damage the screwhead or workpiece or where it is critical not to overtighten fixings
- LED light operated by an independent switch for visibility in tight working spaces
