

19" Compact Ratcheting Cable Cutter for Cutting Hard Cable

Product Features:

- Compact, lightweight cutter, for confined spaces
- Ratchet-type jaws with shear-cut blades
- Blades grip and hold while moderate pumping action cuts cable
- Leaves no burrs or sharp edges
- Both blades cut
- Fiberglass handles with non-slip, plastic grips
- Cutter has self-lubricating ratchet and only 6 moving parts
- Note 1: MCM capacity does not include cable insulation
- Note 2: MCM capacity equates to conductor size only
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!

29 1/4" Ratchet-type, Hard Cable Cutter, 1 3/16" Capacity

Product Features:

- Jaw keeper prevents jaws from spreading while under heavy load
- Shear-cut blades
- Ratchet and chain increase cutting pressure as handles open and close
- Cuts hard cable, ACSR, ACAR, ZEBRA, and self-supporting telephone cable
- Moderate pressure needed to open and close handles
- Can be used effectively with short strokes in confined spaces
- Increased mechanical advantage over manual cutters
- Not recommended for cutting insulated copper or aluminum cable
- Replacement cutterhead: 8613FH
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!

36" Ratchet-type, Wire Rope Cutter, 3/4" Capacity

Product Features:

- Ratchet-type jaws with notched shear-cut blades
- Blades hold and lock material in place
- Cuts aircraft cable, EHS guy strand, wire rope and stainless steel cable
- Increased mechanical advantage over manual cutters
- Cuts all strands with minimal crushing or distortion
- Replacement cutterhead: 8613TN
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!

28" Ratchet-type Guy Strand Cutter, 1/2" Capacity

Product Features:

- Notched shear-cut blades hold material firmly in place
- Ratchet and chain produce easy, progressive cuts
- Cuts EHS guy strand, mild steel rods and bolts, and similar materials
- Makes clean, square cuts with minimal distortion
- Increased mechanical advantage over manual cutters
- Replacement cutterhead: 8613CK
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!

10 1/2" Ratchet-type One Hand Operated Soft Cable Cutter

Product Features:

- Compact size cutter
- Ratchet-type jaws with shear-cut blades
- Cuts copper and aluminum cleanly, leaves no burrs or sharp edges
- Quick release allows discontinuation of cutting
- Stop operation without completing the full cutting cycle
- 1-hand operation allows cutting in confined spaces
- Patented ratchet design
- Fits in toolbox or on toolbelt
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!

19" Compact Ratcheting Cable Cutter for Cutting Soft Cable

Product Features:

- Compact, lightweight cutter, for confined spaces
- Ratchet-type jaws with shear-cut blades
- Blades grip and hold while moderate pumping action cuts cable
- Leaves no burrs or sharp edges
- Both blades cut
- Fiberglass handles with non-slip, plastic grips
- Cutter has self-lubricating ratchet and only 6 moving parts
- Note 1: MCM capacity does not include cable insulation
- Note 2: MCM capacity equates to conductor size only
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!
-

27 1/2" Ratchet-type, Soft Cable Cutter, 2" Capacity

Product Features:

- Jaw keeper prevents jaws from spreading while under heavy load
- Cuts copper and aluminum communications power cable up to 2"
- Improved heavy duty jaw design
- Built for tough conditions
- Ratchet provides up to 5x's the mechanical advantage over manual cutters
- Cuts all types of copper and aluminum cables up to 2500MCM
- Replacement cutterhead: 8613FSK
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!

27 1/2" Ratchet-type Soft Cable Cutter, Cut Capacity 3"

Product Features:

- Jaws with shear-cut blades with special pivoting handle
- Handle allows cutterhead to be opened to maximum width
- Cuts copper and aluminum, power and communications cable
- Specially designed to cut conductors with large insulation
- Maximum handle spread of 22" for working in confined spaces
- Advanced cutter gives mechanical advantage of over 50 to 1
- For special applications contact customer service department
- Replacement cutterhead: 8713CS
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!

27 1/2" Ratchet-type Soft Cable Cutter, Cut Capacity 3"

Product Features:

- Jaws with shear-cut blades with special pivoting handle
- Handle allows cutterhead to be opened to maximum width
- Cuts copper and aluminum, power and communications cable
- Specially designed to cut conductors with large insulation
- Maximum handle spread of 22" for working in confined spaces
- Advanced cutter gives mechanical advantage of over 50 to 1
- For special applications contact customer service department
- Replacement cutterhead: 8713CS
- NEVER use any H.K. Porter cutters on energized circuits, wire, or cable!
